LARGEST CROWD OF REVIVAL SERVICES

Five Additions and Five Conversions at First Baptist, Friday Night.

The biggest crowd of the revival services at the First Baptist church attended Friday night. There were five additions. Among the conversions was Councilman Pigg. The services will continue Saturday and all through next week.

Dr. J. J. Porter will occupy the pulpit for Dr. J. W. Porter, in Lexington Sunday.

Dr. Porter's text was, "Whiv will ye die," Ezk 33:11. He said in part:

Xerxes, when he gazed at his magnificent army of three million men and women, wept as a child. He asked why he wept, he said, "The thought came to me, that in less than a century, not one of this great army will be living." It is indeed sad, to hear the tread of the mighty multitude, marching to the cemetery. We know full well that we must all die, and the reference of the text, is not the death of the body, but the death of the soul, or the second death.

We Are Responsible.

When God says, "Why will ye die?" he makes us responsible for our damnation. From the standpoint of man, "I will," has won every victory of earth. It is not a question, whether you are willing to be saved, but do you will to be saved? Pilate was willing to release Jesus, but he did not will to release him. "I will," dives into the depths of the sea, and brings forth the hidden pearl; "I will," climbs the highest mountains and writes its name on the highest peak, and then mounts up with eagle wings, till it sits down at the feet of him, who is not only the great, "I am," but the great, "I will."

Indecision a Curse.

Indecision is the cardinal curse of life. The horrors of hell will be intensified by the memory, that "I could, but I would not." If you reject Christ, it is a wilful rejection. You may lose the power to will for Christ. The will may be paralyzed as well as the body. If I should hold my arm, at my side for a great length of time, without moving it, I could never move it again. Sin weakens the will as disease weakens the body. Sin is as much a disease as is consumption. It takes courage to will for Christ. A man must have a backbone to be a Christian.

It is not because you cannot, but because you will not accept him. Christ made the invitation as deen as the sea and as high as heaven, and as broad as the earth—"Who-soever will, let him partake of the water of life freely." He created and redeemed you, is it not reasonable that you should serve him? Your life is this moment in his hands. He can will, and you fall a lifeless corpse in your seat.

When one of the mines, in Nannino, was on fire, and the cage was going up for the last time, a man who was on the cage said to another, who was left in the mine? "You come and take my place, as I have no wife or children." The other replied, "No, it is true that you have no wife or child to mourn your loss, but you are not a Christian. Go and remember that I died that you might live to come to Christ." Christ died that you might accept him tonight, by grace, through faith. Like the prodigal, can you not say "I will arise and go to my father?"

ALL INTERESTS ASK PROTECTION

Champ Clark Calls It "Grab Game."

GOVERNMENT NEEDS MONEY

Is Argument Advanced by Representative Boutell in Favor of Continuing Protective Tariff Schedules. Missouri Congressman Argues That Free Trade in Lumber Will Prevent Devastation of Timber Lands in United States.

Washington, Nov. 21.—A universal "grab game" is the appellation given the tariff by Representative Champ Clark of Missouri at the hearing before the ways and means committee on the tariff schedules for wood and wood manufactures.

The administration's policy, preservation of the forests, figured largely in the argument. Several lumbermen said they wanted a protective tariff on lumber because other articles are protected by the law. This called forth the term of "grab" from Mr. Clark. Representative Boutell of Illinois asserted, in defense of a protective tariff, that the government must secure \$300,000,000 in revenue, and that as a result some industries must be protected.

That free trade for lumber would tend to prevent the devastation of the American timber lands was the opinion expressed by Mr. Clark, who said that it did not matter if Canada devastated her forests. Mr. Boutell argued that the American forests would have to supply the lumber for both countries if the Canadian forests were devastated, and suggested that some broader scheme than the tariff should be adopted for reforesting the United States and Canada.

Cigarets and Boys Start Fire. Columbus, O., Nov. 21.—Boys smoking cigarettes are supposed to have started the fire in the transfer barn of W. J. Davidson, resulting in a loss of about \$3,000. The building was practically wrecked and with it 21 tons of hay, one transfer wagon and 17 sets of harness were destroyed. Eighteen horses were in the stable when the fire was discovered, but they were all taken out safely.

FIRE IN MINE

Kills Three and Imprisons Sixty-four Beyond Reach of Rescuers.

Butte, Mont., Nov. 21.—Fire in the fourth drift east from No. 2 slope of the Northwestern Improvement company's mine at Red Lodge caused the death of three miners and the probable death of many more.

Twenty-seven men have been rescued, all being in a critical condition. They state that at least 64 men are still in the depths, and in the most dangerous part of the mine, and it is impossible for the rescuers to get near them.

Russian Emperor Indisposed.

St. Petersburg, Nov. 21.—Reports are in circulation in official circles to the effect that Emperor Nicholas is slightly indisposed. These rumors may mean that his majesty has decided to abandon his idea of walking for a distance of three miles through the streets of St. Petersburg in the funeral cortege of his uncle, Grand Duke Alexis, who died recently in Paris. The entire route of the funeral procession is to be lined on either side by a living wall of troops, but in spite of this there is considerable apprehension for the safety of his majesty.

Kentucky's Official Count.

Frankfort, Ky., Nov. 21.—The tabulation of the official vote in the recent presidential election in Kentucky of all the counties except Johnson, in which the unofficial figures are used, shows that the combined vote of all the counties except the Democratic is 247,470, while the Bryan vote is 244,681. Making these just 1,772 short of having a just vote in the state. His plurality over the Taft vote alone, however, will be about 8,874.

Great Scott!

If our people don't know a good thing when they see it, no use of looking for people who do.

We mean this in candid sincerity, and we want to thank the people who have so generously heeded our solicitations for their work in the last six weeks. We are now adding to our force at the rate of one man a day.

And now that the Tobacco money is soon to become a Prodigal Son, lets all put our shoulders to the wheel of prosperity, and show the world that Winchester is not only the home of the largest deals, but is the largest 10,000 city of this glorious America. And that the

Eagle Casting Co.,

of Winchester (incorporated) is giving better work and better prices on Castings of all kinds,

Coal and Lumber Cars, Cement Clamps,

Gas Furnaces and Structural Steel,

than any similar institution in Kentucky.
